STUDENT'S ACKNOWLEDGEMENT OF FUNDING RESPONSIBILITY**

Students receiving College Funding Award (CFA) monies must maintain acceptable academic standing, demonstrate satisfactory progress, and complete the College Funding Award period within the minimum required time and within the minimum number of credits.

THE PRIMARY RESPONSIBILITY FOR MAINTAINING APPLICATION AGREEMENT FOR FINANCIAL ASSISTANCE RESTS WITHIN THE STUDENT.

1. A CFA recipient who without justifiable circumstances fails to enroll, officially or unofficially withdraws, or is suspended or expelled before completion of the grant period must submit a written notification within ten (10) days of the date of expiration of enrollment stating the date of withdrawal, submit supporting documentation of reason for withdrawal or reason for expulsion, including mitigating circumstances, (if) a copy of the student's request to the institution to return the CFA monies to the Tribe and any remaining balances of the award for that term.
2. CFA award students who fail to maintain a 2.00 GPA will also be held accountable to repay those funds for the term, but each student case will be investigated and decided on at the discretion of the Executive Tribal Council. All awards determined by the Council for re-payment must be repaid by the student within six (6) months of the end of term.
3. A student must demonstrate justifiable circumstances to avoid repayment of the award amount expended upon termination of enrollment for that academic year. Failure to provide documentation for justifiable circumstances will result in termination of the student's eligibility for future awards and require the student to repay any outstanding award for that term. Any repayment of award shall begin not later than six (6) months after the written notification.

I hereby acknowledge that I have read the above statement and understand my responsibility.
